Description: Exposure to a corrosive environment where use of road salt is prevalent in winter months as an example may weaken your vehicles driver and/or passenger front seatbelt anchor pretensioner cables or result in separation from their anchor pretensioner assemblies. Weakened or separated seatbelt anchor pretensioner cables reduce the effectiveness of the seatbelt restraint system in a crash, increasing the risk of injury. Remedy: A remedy is available. Parts are available to repair your vehicle. Ford Motor Company has authorized your dealer to inspect your vehicles seat belt pretensioners for rust and inspect other water ingress leak paths to verify the pretensioners will not be exposed to water. If rust is identified, dealers will provide you a rental car until replacement seat belt pretensioner parts are available to be installed expected to be 4Q 2026. A second notice will be sent to you once the free parts are available.

CARFAX

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ford or Lincoln Mercury Recall

The Ford Motor Company provides CARFAX with Field Service Action and recall information regarding safety, compliance and emissions programs announced since 2000 for a specific vehicle. For complete information regarding programs or concerns about this vehicle, please contact a local Ford or Lincoln Mercury Dealer.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Service Campaign

Automobile manufacturers issue a service campaign to address product technical issues that may not be related to safety or emissions standards. These issues are typically customer satisfaction initiatives.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
